### **Color**

All photos are professionally color balanced. Printed color will be perfect!

### **Cropping**

The subject is centered and extraneous background cropped for the most pleasing look on all prints. Please advise us if you wish your print to be cropped differently or more drastically. Be aware, however, that cropping to include less than 50% of the original photograph may result in some loss of sharpness on 11 x 14 and larger.

\*8x12 will be printed instead of 8x10 if composition warrants.

### **Retouching**

Small imperfections such as red eye will be retouched at no extra charge. For larger retouching jobs, such as removing spectators or replacing a background, or for digital cosmetic surgery (human only). Please see Digital and Retouching Services for more details.

***PLEASE ALLOW 4-8 WEEKS DELIVERY ON ALL REPRINTS.***

***Orders must be RECEIVED by December 1, 2004 for delivery by Christmas.***

## **DIGITAL AND RETOUCHING SERVICES**

Horse Shows and stables often have less than perfect backgrounds. But that no longer means that you have to live with them in your photos!

**Retouching Fees are one time per image**, regardless of how many reprints or different sizes you order. Once the image is retouched, you can order reprints at any time from the retouched file with no additional retouching cost.

**Red Eye Reduction** No Charge

\$50.00

### **The Fun Stuff! Digital Cosmetic Surgery**

Make the pounds and years melt away (riders only; sorry, no cosmetic surgery on horses!)

Face Lift, soften wrinkles \$25.00

Tummy tuck, liposuction \$50.00

## **PHOTO MONTAGES**

For many years Terri's most sought after Painted Portraits have been Montage Paintings in oils, watercolor and graphite, which are designed from a collection of favorite images. With the advent of digital imaging, Terri is now able to offer a similar service photographically!

**Start at \$250.00 for a composition including 2 images:** add \$100.00 per additional image. Add \$100.00 for including text or graphics. Up to 5 of your favorite photos can be included. You'll be sent a low resolution preliminary version for approval prior to final printing. Take a look at the Digital Magic Gallery for ideas.

**Your first 12"x18" print is included in this price:** after that, you can order reprints in any size and quantity: see Reprint Price List. If you receive your Montage print and would then like to apply the same design to a Painted Portrait, Terri will be glad to discount a percentage of the Photo Montage price from your Portrait price!
